

SUNSHINE FACTOR[®]

DAILY DIETARY SUPPLEMENT

USE ORALLY FOR

- Daily wellness
- Improving skin, coat or plumage
- Vitamin A deficiencies
- Alopecia (hair loss)

BENEFITS

- Is a whole food source of carotenoids (precursors to natural vitamin A, including alpha-carotenes, beta-carotenes, lycopene and at least 20 other carotenes).
- Is a non-synthetic source of 6 forms of vitamin E. In addition to 2 forms of tocopherols, Sunshine Factor[®] contains all 4 of the tocotrienols (super potent vitamin E), which have 60 times the antioxidant activity of the tocopherols and inhibit the growth of cancer cells.
- Is a natural, rich source of coenzyme Q₁₀ (CoQ₁₀) when compared to other oils.
- Supplies essential fatty acids.
- Is packed with vitamin K, squalene, phytosterols, flavonoids, phenolic acids, glycolipids and phytonutrients important for optimum health.
- Benefits the animal's eyes and heart.
- Improves the animal's energy level, particularly in geriatric, pediatric or weak patients.
- May improve the effectiveness of nonsteroidal anti-inflammatory drugs.
- Is safe and effective for all species (dogs, cats, other mammals, birds, reptiles) without any side effects.

INGREDIENTS

A proprietary blend of sustainable red palm fruit oil and organic canola oil. *Sustainable and Fair Trade certified. No GMOs.*

QUALITY ASSURANCE

Sunshine Factor® is hand-crafted in small batches to ensure the best quality possible.

STORAGE AND SHELF LIFE

Sunshine Factor® may be stored in the refrigerator or cabinet after opening and should be stored away from direct sunlight.

Use by “Best by” date located on the bottom of the bottle.

Our proprietary formula contains all 4 tocotrienols, which serve as natural preservatives. This action ensures increased stability and extended shelf life and provides beneficial antioxidants without artificial preservatives.

DIRECTIONS

- **To mix with food:** Mix 1 Tbs (15 ml) or 1 packet Sunshine Factor® with 455 g (1 lb) of the animal’s food in a bowl and return to original bag for storage. Feed normally.
- **To administer orally** with a clean spoon or syringe: 0.1-0.3 ml per 0.45 kg (1 lb) body weight (15 ml/23 kg) or 0.02-0.06 ml per 100 g body weight. It may be liquefied by floating bottle in warm water (27°C [80°F]) for a few minutes.
- **To see a short training video** scan the QR code.

SAMPLE DOSAGES	
	Sunshine Factor® Daily Dose
Birds	0.02-0.06 ml per 100 g body weight
Rabbits, guinea pigs	Start with 0.1 ml and increase as indicated
Horses	Healthy: 50 ml; Sick or recovering: 70 ml
For all other animals	
5 lb (2.27 kg)	1.5 ml
10 lb (4.5 kg)	3 ml (0.5 tsp)
25 lb (11.3 kg)	7.5 ml (1.5 tsp)
50 lb (22.6 kg)	15 ml (1 Tbs) or 1 packet
75 lb (34 kg)	23 ml (4.5 tsp)
100+ lb (45 kg)	30 ml (2 Tbs) or 2 packets
